

Miller Vein is open to serve you and safety is our top priority.

To ensure your safety:

We have altered our offices to ensure social distancing guidelines and removed all magazines, fruit, and any other potential germ carriers.

All employees working are feeling 100% well and are temperature checked daily.

We are cleaning and disinfecting frequently touched objects and surfaces throughout the day (e.g. computers, doorknobs, keyboards, desks, countertops, phones, coffee makers)

As always, every exam room is thoroughly cleansed between patients.

Our teammates utilize thorough hand washing and/or hand sanitizer before and after every patient encounter.

We provide you with hand sanitizer and facemask (if you don't have one) as you enter our office.

As always, we perform any necessary procedure using sterile technique.

Please know that if you have any respiratory symptoms or a temperature, we will send you home and will reschedule your appointment.

To limit patient to patient contact, we will encourage patients to wait in their cars until we are ready for them.

We apologize for any inconvenience this may cause; we look forward to serving you safely during these difficult times.

Thank you,

Your Miller Vein Team
